

Curriculum Vitae

Muder AL Hayder

❖ PERSONAL PROFILE

DOB: 8/2/1964

Marital status: Married

Address: college of Pharmacy, kerbala niversity

Kerbala, Iraq

00 964 7806894324

muder.alhaydar@postgrad.curtin.edu.au

modher.haider@uokerbala.edu.iq

Academic Degree: Assistant Professor

Skills: languages (English, Arabic, Parisian)

❖ EDUCATION

Degree	COLLEGE	UNIVERSITY	YEAR
PhD	Pharmacy	Curtin University / Australia	2011
MSc	Pharmacy	Curtin University / Australia	2006
Bachelor	Pharmacy	Baghdad University / Iraq	1987

❖ EMPLOYMENT

Date	Employment	Employment place
10/ 2014	Head of pharmaceutics department	College of Pharmacy kerbala University
10/2013 - 9/2014	Dean	College of Pharmacy kerbala University
10/2012 – 10/2013	Head of pharmaceutics department	College of Pharmacy kerbala University
2/2010 – 9/2012	Pharmacist	Al-Najef health Department
2004 - 2011	Postgraduate student	Curtin University
1994- 2002	Pharmacist	Iran
1987-1994	Pharmacist	Iraq

❖ Professional Duties

1- Teaching

Date	Subject	College
2011-2013	Physical Pharmacy	Al Kufa Pharmacy school Al Kufa University
2015- 2016	Postgraduate studies (pharmaceutics)	Al Kufa Pharmacy school Al Kufa University
2012- 2016	Industrial Pharmacy & Compounding	College of Pharmacy / kerbala University

2013-2015	Dosage Form Design & Drug Delivery System	College of Pharmacy / Kerbala University
-----------	---	---

2- Publications

Date	Name of research
2009	Eur. J. Pharm. Sci. Degradation of Artesunate in aqueous solution (Poster presentation)
2014	IJPPS (Effect of hydroxypropyl - β -cyclodextrin complexation on the aqueous solubility and stability of artesunate)
2014	Karbala journal of pharmaceutical sciences Effect of buffer solutions on the degradation of ertapenem in aqueous solution
2012	Al najaf al dawaeya, local pharmaceutical magazine
2014	Karbala journal of pharmaceutical sciences Effects of formulation variables on the Candesartan cilexetil nanoparticles properties using poloxamer 188
2015	journal of kerbala university Enhancement effect of almond oil on transdermal penetration of flurbiprofen topical gel
2015	Karbala journal of pharmaceutical sciences Formulation of telmisartan microsphere tablets and In-Vitro evaluation of dissolution profile
2015	IJPPR . Preparation and evaluation of cefixime dispersible tablets using co-processed excipients

2016	Effect of nanoparticle formulation on the solubility and dissolution of Candesartan Cilexetil (Non published)
11Sep/ 2007	Drug Design, Development and Therapy » Volume 11 (Metal organic frameworks as a drug delivery system for flurbiprofen)

❖ Professional activities

1- Conferences

Year	Conferences title	Place
2009	3 rd BBBB international	Turkey / Antalya
2009	APSA	Australia/ Tasmania
2010	1 st annual conference of clinical pharmacy	Najaf / Iraq
2011	1 st annual conference of pharmacy	AL Kufa University
2013	2 nd annual conference of pharmacy	AL Mustanserya University
2014	The annual physiological sciences	Medicin college /Kerbala University

2- Discussion of Master and PhD theses

Many times I was allocated as a member of committee for Master thesis discussion as listed below

Title of thesis	Year
Formulation and evaluation of finasteride orodispersible tablet	2013

Formulation and evaluation of Ezetimibe tablet by incorporating nanoparticles technology	2014
Formulation and invtro evaluation of clarithromycin oral microsponge capsule	2014
Formulation and evaluation of mouth dissolving films of captopril	2015
Preparation and evaluation of telmisartan solid dispersion oral tablet	2016
Enhancement of solubility and dissolution of candesartan celixitil by preparation of nanoparticles	2015

❖ Evaluation of researches

I have been assigned many times as an editing reviewer and research evaluation for some scientific journals.

❖ Awards

I have been awarded four appreciations or thank certificates from the chief of the university and 18 times from the dean of the College of the Pharmacy for achieving a distinctive and extra work along last four years ago.

End....
